MEMBERS ASKED TO ATTEND RED CROSS MEETING

IMPORTANT ORGANIZATION PLANS SCHEDULED FOR NEXT THURSDAY EVENING

CENTERVILLE — As a part of the national defense and preparedness program, Washington Township will establish a permanent organization for the Red Cross at a meeting to be held in the visual education room of the Washington Union High School next Thursday night at 8 o'clock. An urgent call is issued by Mrs C. N. Myrick of Niles, chairman of the township branch of the Oakland Chapter of the American Red Cross for all those who have contributed to the Red Cross in the past to be present.

A patriotic program is being planned with speakers from San Francisco and Oakland. A history of the local organization will be given by Mrs F. V. Jones, charter secretary, and officers will be elected. All those who have contributed a dollar to the annual roll call are members, Mrs Myrick points out, and as such will feel an obligation to carry on with the permanent set-up.

While the peace-time program of health instruction, disease prevention and help for the needy and victims of disaster has been the chief project of the Red Cross during the past few years, present world conditions call for a comprehensive preparedness program by the Red Cross to be ready for any emergency that might develop, Mrs Myrick says. All those interested in helping in any capacity are urged to be present.

With the assistance of Washington Union High School, letters have been sent to approximately 75 civic, social and fraternal organizations asking that they send representatives to the meeting next Thursday night. All industries in the township are being contacted asking for the same representation.

A committee appointed last spring by the Toyon Branch of the Children's Hospital has been assisting Mrs Myrick in arranging the meeting.

Frank X. Veit of Newark, perennial adjutant of Washington Township Post, American Legion left here Wednesday for Boston, as one of California's delegates to the American Legion's national convention, September 23 to 26.

DECOTO — The Decoto Discussion Group held its regular monthly meeting at the home of Miss Cecilia Janeiro last Saturday. A luncheon was served at twelve o'clock by the hostess assisted by her niece, Miss Nadine King. Miss Janeiro used pink glassware on a white cloth for her table. A very original idea was used in arranging the centerpiece, a miniature orchestra on a pink satin cloth, surrounded by a border of pink asters. A miniature replica of the moonlight scene from the opera Aida, the subject of the discussion, also added to the interest.

The meeting was in charge of Mrs Ethel Avilla. A list of questions taking the opera scene by scene had been prepared and given to each member for study as well as general topics on the composer and the dramatic and musical highlights of the composition. These questions were taken up exhaustively in general discussion, making the meeting very comprehensive and very thorough in its treatment of this great masterpiece Three records from the opera were also enjoyed.

Mrs Lawrence Clark, a former teacher of music added much to the interest of the discussion. The guests were Mrs Mary Janeiro, of Decoto, Mrs Jos Leitch of Pleasanton, and Mrs Jessie Taylor of Saratoga. The group was delighted to welcome Mrs Frances Mara as a new member.

The next meeting will take up the drama and will be in charge of Miss Cecilia Janeiro. Mrs Elsa Walker will be hostess. A dramatic reader from Berkeley will be present at this time to read from the plays studied.

The ceremony was performed by Father Crowley, S. J., longtime friend of the groom, assisted by Monsignor Galvin. The bride was given in marriage by her father, Dr. George A .Starbird of King City. She wore a satin wedding gown of ice blue with a matching hat and carried a prayer book with marker of butterfly orchids and lilies of the valley. The maid of honor was Miss Barbara Starbird, sister of the bride, who wore a peach faille taffeta with girdle of blue and a horsehair picture hat with pink streamers. She carried an old-fashioned boquet of pink begonias, blue delphinium and gardenias.

Ernest O. McCormick, Jr., was best man and ushers were Henry B. Martin, Jr., John M. Burnett, F. Bourn Hayne and William R. Costello. A reception followed the wedding at Pogonip Polo Club. DECOTO — At a candlelight ceremony performed Sunday after noon at Niles at the Corpus Christi Church at five o'clock, Miss Ina Henrietta Zwissig, daughter of Mrs Agatha Zwissig of Decoto became the bride of Frank Joseph Gwerder, Hayward contractor. A reception at the bride's home on the Hayward-San Jose highway followed with approximately 200 guests present from the Bay section and the peninsula.

A buffet supper for members of the immediate families and the bridal party followed the reception, served at the home of Mr and Mrs Louis Zwissig, after which the couple left by motor for a honeymoon in Canada. Upon their return they will reside at Decoto.

The bride was given in marriage by her brother, Louis, and the ceremony was performed by Father Timothy Hennessy. The wedding march was played by Mrs. Frank Leonard of Hayward and vocal numbers were furnished by Misses Pauline and Dorothy Zwissig of San Francisco, cousins of the bride.

—The Attendants

—The Bridal Costume

The bride wore a marquisette dress of candlelight hue made with full circular skirt with train and a shirred bodice with leg-o-mutton sleeves and high round neck line. The top of the sleeves and the skirt were embroidered with appliques of miniature calla lillies and the tulle finger-tip veil which matched the color of the dress was caught with a wreath of tiny wax calla lilies. The bride carried a mother-of-pearl prayerbook with marker of champagne orchids. Caught in the long satin streamers were eighteen butterfly orchids.

The matron of honor and the three bridesmaids wore similar dinner dresses of coral jersey made with full skirts, draped bodices, square neckline and short puffed sleeves. They wore tiaras of plumes as headdresses, matching the color of the dresses and carried showers of begonias, those of the matron of honor being pale yellow and the maids', apricot. The bride's going-away costume was a brown duvetyn suit with a vest of Eastern mink. Her accessories were brown, the only color being the green tricorn feather in the hat.

—Floral Decorations

Floral decorations at the church and at the home were done by Mrs Gladys Vargas Olson of Hayward. At the altar were four modern arrangements of coral and gold gladioli and a mass of candles Two tall baskets of gladioli stood at the church entrance and tall candelabra marked the aisles. A pyramid of the same gladioli and candles was arranged on the living room mantel before which the bride and groom stood to receive the guests.

The bride's table was set in the dining room and was spread with a hand-embroidered white linen cloth of mosaic work brought from Switzerland by the bride's mother. The four-tiered wedding cake was set against a background of modern arrangements of white gardenias. Elderly Ladies Made Honorary Members Of Club

CENTERVILLE — Mrs J. E. Thane, 83, and Mrs Anna B. Haley, 88, were made honorary members of the Country Club of Washington Township at the annual luncheon held at the club house last week. Eight past presidents were honored at the "family gathering" which replaced the usual September reciprocity event.

Past presidents at the luncheon were Mesdames F. V. Jones, George Hellwig, Howard Chadbourne, Walter Robie, R. L. Pond, C. E. Martenstein, E. A. Ellsworth and Josephine Brown. Others residing in the community but unable to be present were Mrs August May, Mrs Roland Bendel and Mrs Frank T. Dusterberry.

The program which was given in a stage setting of an old fashioned parlor in keeping with the theme of "Our American Home, its Heritage and Responsibilities," consisted of "elocution" by Mrs. James Logan and old songs by a quartet composed of Harriet Thornburg, Nellie Gordon, Francis MacGregor and Virginia Batcheler, accompanied at the "melodion" by Estelle Logan. A humorous number, "The Man on the Flying Trapeze," returned ancient red flannels to a place in the sun and resulted in applause that practically drowned out the singers.

Checked tablecloths and old china lent to the atmosphere of the long tables where self-service and passing carried out the old-time idea of a family table laden with home-made bread and jellies, succotash and cole slaw, roast beef and the fixings. Mrs Loren Marriott, president, and members of the executive board were hostesses and the luncheon was served by a committee headed by Mrs Jack Kleine and Mrs Joe Adams. Approximately 150 members and guests were present.

HIGHLIGHTS and PERSONALITIES IN THE PROGRESS of HAYWARD

By Bianca & Gerald E. Marvin

BLOCK FURNITURE COMPANY

One of the important features of the business life of any community is the outfitting of the home. Let us direct your attention to the Block Furniture Co., located at 405 Main Street, telephone Hayward 61.

When this firm started in business, they decided that the best would be none too good for their customers and they have conducted their establishment on this policy ever since. They are fully prepared to either completely or partially furnish your home with either moderate or more expensive designs. They can equip you with a setting of any period and their ability to fit you in the furniture line is only limited by the various styles turned out by the American manufactures of today.

When you call at this popular store, you will find the propietor and his assistants courteous, accomodating and thoroughly well-versed in the art of furnishing a home. You will know, too, that the prices denote real values for this store has established a reputation throughout this section for fair dealing.

In this issue, we wish to compliment the Block Furniture Co. and recommend them to our readers. -adv.

CENTERVILLE

Edna Joseph Azeveda was honored with a shower by members of Betsy Ross parlor of Native Daughters at Anderson's Hall recently. A skit by members and other entertainment was followed with refreshments.

Anthony Silva, president, presided at a meeting of Young Farmers at the Washington Union High School Wednesday night.

Miss Marcella Norris of Carpinteria has been visiting this week at the home of her brother, Judge Allen G. Norris. She is leaving today for the South where she will resume her position as teacher in the Carpinteria school.

MONTGOMERY WARD & COMPANY

When this nation-wide department store opened its doors for business in Hayward at A and Main Streets, they had in mind but one thought and that was to do their utmost to please everyone. They have tried to live up to this tradition in every way that was humanly possible. Thousands claim that this store is the economical center of Hayward. One might say: "Shop at Montgomery Wards and spend the difference."

The magnanimous service and the massive stock of one-price merchandise has won for the institution an enviable reputation that has spread from coast to coast. A purchase must be satisfactory or your money will be refunded. Every department in this store is perfectly appointed and harmonious with the exclusive vogue offered at such reasonable prices.

A metropolitan air pervades the atmosphere, while at the same time one feels that they have entered the luxurious quarters of a friend rather than a mercantile establishment. This is because of the care and diplomacy displayed in the selection of sales people.

This company carries at all times a great many items from which you may make your selection. They are an outstanding factor in supplying our great commonwealth with the highest quality of merchandise.

Due to the fair-dealing methods employed by this particular store, it is quite fitting and proper that we, in this edition, recommend them to our readers and also compliment the manager, Mr Drake and the personnel upon their achievements in this section. -adv.

ALVIN JOSEPH MOTOR SERVICE

This firm, located at B and Watkins Streets, telephone Hayward 179, has full equipment for adjusting and relining brakes, aligning wheels, straightening axles, etc. and carries a splendid line of new and used cars at moderate prices. It also features Gilmore and Redlion gasoline.

Brake-lining must resist water, heat, oil, dirt and wear. It must not harden, glaze, soften or swell; it must be cut to an exact length and propertly fitted to the bands; the rivets must be countersunk and the most important element is proper adjustment. We must consider that some of the best automotive engineers have adopted hydraulic brakes for the sole reason that the exact pressure the brake was designed to exert must be applied to each wheel. Besides being experts in the above, the attendants do an excellent job of lubricating and motor-tuning up.

In making this Review we wish to direct the special attention of our readers to the Alvin Joseph Motor Service and highly recommend them for prompt, expert and efficient service. -adv.

REAL ESTATE

Located at 590 Castro, Hayward Calif, telephone Hayward 778.

Experience and reliability are two essentials that count most when it comes to dealing in real estate. Without these two characteristics both the buyer and the seller are at the mercy of the man or woman who stands between. It is, therefore, advisable to consider carefully before entering into any business transactions. In these respects, there is no one who stands higher in the estimation of the public than Miss Eulalia Anderson. She has had much experience in all branches of real estate and is thoroughly familiar with local conditions.

Miss Anderson devotes attention to farm, ranch and city property together with farm and city loans. Her operations are by no means confined to Hayward as she has buyers from all parts of the country who are seeking property in this section.

In making this Review, we desire to point to Miss Anderson as a woman of good and honest business principles and who is helping many to successful investments or the possession of a home. -adv.

GLAD-A-WAY GARDENS

This unique nursery, located at 7141 Russell City Rd, Mt. Eden, telephone Hayward 2019W, specializes in the newest and rarest varieties of gladioli. A fact that is probably known to the public is that the charming owners, Mr and Mrs J. R. Canine have originated new varieties of gladiolus bulbs. They deserve special mention due to the fact that they had the honor of receiving the award of merit at Treasure Island because of their introduction of these rare specimens.

Let me enumerate the unusual names they have attached to the specimens they originated last year: Bingo, Sport of Piccardy, Beautiful Dream and Sweet Alibi. This year: Happy Days, Roman Gold and Tiger Lily.

Being well conversant with plant life and soil requirements, Mr and Mrs Canine have had a phenomenal success with their stock . . a stock that is sturdy, will reach you in the pink of condition and you may be assured of its rapid growth.

We are pleased in this Review to relay the owners' message to accept their cordial invitation to visit their Glad-A-Way Gardens at any time. -adv.

A STREET GARAGE

With the density of traffic and the scarcity of time in this hurrying, scurrying age, the one-stop garage is rapidly gaining in popularity and the A St. Garage seeing the changes that would come in the auto world have anticipated them and have established an automotive service that answers all the needs of the time.

In the very complete repair department they give expert and untiring service. The management employs only men who are expert mechanics and have a real understanding of engineering principles of the various makes of automobiles especially the Packard upon which they are authorities.

They welcome all motorists to the city and if anything is wrong with your car you can drive it in to be repaired and drive home perfectly satisfied.

We take pleasure in complimenting the A St. Garage upon this service and upon the fact that they are saving motorists time and worry as well as money by their very comprehensive service. -adv.

ROTARY AFFRONTS JAPAN

Up to last week there were 47 Rotary Clubs in Japan. Then they were dissolved. Their ethics affronted the new nationalism. The forces in control in Japan believe that the Chinese should submit to Japanese exploitation; that all the other teeming millions of Orientals should be sacrificed to the ambition of comparatively tiny Nippon; that Americans and all other white peoples should give up trade concessions in favor of Japan. It is little wonder that Rotary International affronted the Nipponese. The code of Rotary, which is, in essence the code of the Lions, Kiwanians, Exchange and similar service clubs, in part affirms: "Rotarians assert that human rights are not confined to Rotary Clubs, but are as deep and as broad as the race itself, and for these high purposes does Rotary exist to educate all men and all institutions . . . in belief in the universality of the Golden Rule, 'all things whatsoever ye would that men should do unto you, do ye even so unto them'. We contend that society best holds together when equal opportunity is accorded all men in the natural resources of this planet."

The banning of half a hundred luncheon clubs in faraway Japan is not of vital importance in itself even to Rotary — with its thousands of American and Canadian clubs. The significance of the incident lies in the fact that another of the principles of brutal materialism that it will no longer tolerate even the passive advocacy of the principles of common decency and equality of opportunity within its borders.

THE WIDOW'S MITE

The case of two elderly widowed sisters, who live together near Los Gatos, came before welfare authorities recently. Their cottage needed repair; their savings had dwindled to $179: their income was the pittance they could earn by sewing. But when informed that they could draw pensions of $40 a month each, the widows protested. They didn't need that much, they said. Instead of $40 each, all they needed was $25 a month for the two of them! They'd get along. Finally they agreed reluctantly to accept $25 a month for each of them, although insisting "we don't need that much." Elderly ladies who get along on so little rarely buy newspapers or have radios. Those two probably aren't aware that leaders in this nation are exhorting the whole people to demand as little as possible of the government — not to gouge as much as possible; to learn to save and sacrifice instead of spend and waste; to turn from the soft road of ease to the hard road of frugality toward national salvation. And those widows wouldn't understand that they have contributed magnificently and sacrificially to their country, in that they have contributed all that they had power to give. They wouldn't comprehend, for they are of a generation that always lived that way: that hadn't grown soft and dependent. And their spirit, if adopted by 130,000,000 Americans, could revitalize and remake this nation overnight.

INDUSTRIAL CALIFORNIA

In predicting that in steel manufacture California will rival the eastern steel centers, Stephen Early, secretary to the President, declared with significant emphasis that such development will come neither as a national defense production measure nor experimentally but as an inevitable step in California's march to industrial leadership of the 11 Western States. His view coincides with the factual conclusions of The Industrial West, Inc., non-profit research organization. Ore deposits in Northern California, Southern Oregon, Montana and Wyoming were of minor consequence for generations because the fuel and power necessary to manufacture were confined to coal fields thousands of miles distant. Today, California oil and the modern giant of California hydro-electric power stand ready to fashion steel from nature's western storehouses.

Already the top farm State of the nation and the commercial gateway to the Orient, and with space and climate to afford ideal living conditions for tens of millions of new citizens, California's future long seemed to have but one limit set by one lack — a limit to industrial advancement set by the lack of a major steel industry. A start already has been made, with plants operating at Los Angeles and in Contra Costa county. But the industry is in swaddling clothes. With access to ore, with an abundance of oil, with power unlimited pouring through turbines from her own cascading streams, California is equipped to build the greatest industrial empire of history in the American West — build it on a foundation of California steel!

California Boy Wins Scholarship

PAUL H. CHAMBERLAIN, of Auburn, state champion boy automobile driver of California, won a $100 scholarship in the Ford Good Drivers League national finals at the Ford Motor pavilion, New York World's Fair, in late August. Edsel Ford, president of the League, personally handed him his award. In this photo Edsel Ford is shown with 18-year-old Gene M. Kennard, the Indiana boy who won the national boy driving championship, and his mother, Mrs. J. L. Kennard. The occasion was the League's first annual Champions Dinner at the Ford pavilion at the Fair, with Captain Eddie Rickenbacker as principal speaker. The League paid all expenses of Chamberlain and an adult sponsor named by himself for a gala week of entertainment in New York. The object of the League is to promote safety on the highways by teaching every high school boy in America to drive expertly. Any boy between the ages of fourteen and eighteen, inclusive, may join without charge. Enrollment blanks may be obtained from any Ford, Mercury or Lincoln-Zephyr dealer.

A POLITICAL MUGWUMP

Shortly after the civil war, when life in the United States was very confused, a minor group of voters who did not know where they stood, banded together and called themselves "mugwumps."

The best definition of a mugwump is this: a mugwump is a little bird who sits on a fence with his mug on one side and his "wump" on the other.

Governor Olson, unfortunately has been a political mugwump ever since he got into office. He rode into the governor's office on a wave of "ham and egg" votes; and promptly did nothing for them after he got into office. That was a tactical blunder.

In his effort to be the big boss and run things HIS way he has antagonized the old-line politicians of both parties in both houses of the legislature, which spells political suicide.

Now there is on file with the secretary of state about enough bona fide signatures on the Olson recall petition to make it valid. It will be interesting to see what happens next. —W.W.

"CALIFORNIA, HERE WE COME!"

This popular refrain was used and proved by more than one MILLION persons during the past decade, the first census figures for 1940 show.

Ten years ago our state was home to something over 5,000,000 persons; now it is home to more than 6,000,000. An increase of 21 plus percent was recorded during the past ten years.

California is still the mecca and promised land for millions more. It's a good thing we are the second largest state in the union, and still have lots of elbow room. No matter how many more millions may settle in the Golden State one can always find solitude and breathing space atop Mt. Whitney or Mt. Lassen. And how! —W.W.

PERSONALLY SPEAKING

By: Your Editor.

STAPLERS — Who invented these fool stapling machines anyway? Its lots of fun to jam sheets of paper together with one firm "whop"—who likes the fun of unjamming the staples? — Why use a stapler or pin when a paper clip will do the job perfectly? Easy to put on, easy to take off, without marring the sheets of paper, and — sh-h! — you can use the clips over again. (Only 5c a box. Free -adv.)

E-E-K! Being just a dumb male, considerably matter-of-fact, usually with an eye on the main chance, I will wonder why fond mammas and their marrying dorters put such a wealth of detailed attention on the pother of getting married.

The marriage is the thing. Its customary to wear clothes whether one is getting married or not: why so much hither and dither about the trousseau?

The richer the contracting parties the greater the excitement, usually to the inarticulate disgust of the groom and the nervous exhaustion of the bride.

But life is that way: we spend so much time on distracting details (such as dotting "i"s and crossing "t"s on a country newspaper) one has no energy left with which to enjoy life.

As ole Bill Shakespeare observed so wisely those many years ago: "What fools we mortals be"!

— ww —

BROOM — Typographical errors in printing are pesky things. Comes now the story of a wedding wherein the groom was referred to as the "broom." That's hardly fair, even though he did make a clean sweep of his lady loves' heart. Any woman can have a broom but only a bride can have a groom.

Just drop the "r" from "broom" and you'll see where so many marriages go!

SLOGAN — Beholding the miles of well-kept orchards, tidy homes and gardens in and around Niles, a slogan comes to mind: "Miles of smiles at Niles." Euphonious, what?

Caldeira were up for re-election and two new candidates were Bernie Joseph and Manuel White. Brown, Joseph and White received the highest votes and were placed on the board. The vote was as follows: Brown, 125; Joseph, 144 and White, 120. Caldeira received 113 votes. Mrs Viola George received 135 votes for deputy assessor without opposition.

At Niles, E. E. Dias received 114 votes and George Bonde, 101. Ray Peterson's name was written in on 14 ballots.

In the Union Sanitary District, 21 votes were cast for George Coit, Frank Jones and M. D. Silva.

COMMUNITY PLAY AT WARM SPRINGS MAKES DECIDED HIT

WARM SPRINGS — If wiping of eye-glasses and surreptitious fluttering of handkerchiefs by bald- headed men and gray-haired women is any indication of genuine emotion, then the pathos which Niels Nielsen of Niles put into the role of the old sea captain at the Community Players production here last Friday night was something more than amateur dramatics.

Nielsen's interpretation of the pathetic old lighthouse keeper and fisherman was the highlight of the performance though he was ably supported by other members of the cast. John Cattaneo, also of Niles, received favorable mention of his interpretation of another old fisherman and Rose Ramos as Aunt Becky, the comedy role, were particularly good. Vivian Addotto, as "little Mary," and Bert Dutre, business manager of the organization, took the romantic leads. Vocal solos and duets by these two added to the performance. Incidental music was played by Berkeley Buckingham, director.

Others in the cast were Elenore Dunbar, Beatrice Lawrence, Melvin Leal who did excellently as the fisherboy, Rueben Ramos and Alvin Silva.

The play was repeated last Sunday at Treasure Island and will be given again at Berryessa and at Centerville. Residents of the township who wish a genuine evening of entertainment will do well to attend the local performance when it is given.

Miss Flossie Lawrence, whose foot operation to remove lameness caused by infantile paralysis was brought about through the interest of the Community Players with whom she has been leading lady for the past two years, was an honored guest at the performance and was introduced by Director Buckingham. He said another play would be given in the near future to star Miss Lawrence.

A capacity audience witnessed the play, a large delegation being present from Niles.

SERVICES HELD FOR JOSEPH S. THOMAS

NEWARK — Funeral services for Joseph S. Thomas of Newark, 68, were held at the Chapel of the Palms last Monday with Mass said at St. Edward's church and interment made in the Holy Sepulchre cemetery at Hayward. He was the husband of the late Mary Thomas and the father of Angie Fraga of Newark, the grandfather of David Fraga of Newark and the brother of Lewis Thomas of Oakland, William Thomas of Los Angeles, Gloria Perriea of San Jose and Louise Rogers of San Jose. He was a member of the U. P. E. C. of Newark.

A slight earthquake was felt in this vicinity Saturday morning about 10 o'clock. No damage was reported.

ENAMELERS WIN VOLLEYBALL TITLE IN NEWARK LEAGUE

NEWARK — The final results of the Cooperative Volleyball league games played last Wednesday evening at the Newark Pavilion were as follows: In the first set of games, the Newark Rod and Gun Club won two out of three games from the Dead End Kids to eliminate them from winning the title. The Dead End Kids nosed out the Rod and Gun in the first game, 15 to 12; but the Rod and Gun defeated the Dead Enders in the last two games by scores of 15 to 9 and 15 to 5.

In the second set of games, the Westvaco team managed to win one out of three games from the Enamelers; but the damage was done, as the Westvaco team had to win two games to keep the Dead End Kids tied for first place with the Enamelers. In the first two games, the Enamelers won by scores of 15 to 5 and 15 to 12; but lost the last game, 15 to 13. The Newark Enamelers under the managership of Jake Springer must be given a lot of credit as they fought hard to win the title.

Lawrence Waldt for the Newark Enamelers was the star player Wednesday evening. The star player of each team during the league were: Newark Enamelers, Tom Ashton; Dead End Kids, Manager John Martin; Newark Rod and Gun, Manager Bill Ruskofsky; Westvaco, Manuel Brown; Newark Sportsmen, Frank Calderia; and the Newark Fire Department, Tony Martin.

TWO ELDERLY MEN HURT WHEN "TAKEN FOR A RIDE"

(Special to The Register)

WARM SPRINGS — In spite of age which offers an alibi to many much younger, Tony Santos, 79, of Warm Springs and John B. Santos, 84, of San Leandro (unrelated) were busily engaged in ranch work last week when Fate took a hand in giving them a little vacation. The car in which they were riding was struck by a Western Pacific freight train at the crossing just back of the Santos ranch near here.

The car was carried on the cowcatcher for 350 feet before the train could be brought to a stop, according to Highway Patrolman Duffie Lewis who investigated the accident. Tony suffered a fractured pelvis and cuts on the head and face and John B. had a fractured rib and scalp wounds. They were taken to the San Jose hospital. Trees growing along the road at the crossing for 50 feet before reaching the track obscured the vision of the driver and were probably responsible for the accident, Lewis said.
